Secret Recipe Of Happy Pie

When I look out the window I see a cupcake stand with five pies talking to each other. Happy Pie, Velvet her favorite pet, dad named Vinay, Ebovana and Scotland were the other siblings. They were having fun playing with Velvet, who looked like a red velvet cupcake.

After playing they all went to sleep. Ebovana woke up when she heard a spooky sound 'cheek-cheek-cheek'. A bad angel who could cast the darkest spells tried to come inside the house but Ebovana took him outside with a fight. Ebovana jumped up high and landed on the angel and won. Ebovana went to bed tired.

In the morning it was time for Ebovana's first dessert stand. Ebovana's stepmother arrived and wanted to steal the recipe of the famous chocolate vanilla-mango-pumpkin-watermelon-oreo sorbet. The stepmother sent an invisible butterfly to steal this recipe. Happy Pie used her magic wand and said "zip zap in my hat" pointing at the stepmother. The stepmother was hypnotized and walked them to a secret place near Ebovana dessert stand.

Ebovana was happy to find the recipe back.
