

The 3 Magical Friends

(Kindergarten)

A day at my favorite place...no, THE BEST day at my favorite place, the Wooooods, was the day my friends and I found a secret magic diamond.

The iguana guards at the secret cenote told us we had to find a golden iguana before we could find the diamond.

I had to fight the purple ninjas and Luna had to win a game of Tetris, while Charlotte looked for the golden iguana.

She found it! We swam to the bottom of the cenote and found the diamond! Then we went home, we made a box for it, and lived happily ever after...
