A day at my favorite place started at a farm, there

Lived a girl she helped the sheep, milked the cows and rode the horses. It was a lot of work she wished she had red eyes and was a princess on a magical boat with red hair and a blue dress she loved.

When it was her bed time she was  
dreaming that she had red hair and a blue  
dress and on a magic boat but that dream  
came true that next morning. 2

How did  
It come true
