ABOUT OUR FUNDERS

PATI’S MEXICAN TABLE is made possible by:

Avocados From Mexico
The world's first avocado was grown and cultivated in Mexico countless generations ago. And thanks to the region's fertile volcanic soil, ideal climate and centuries of expert cultivation, Mexico remains the source of the world's finest avocados. Today, Mexico is the only place in the world where avocado trees naturally bloom four times a year. Producing a year-round bounty of irresistibly rich and creamy avocados whose unsurpassed quality and distinctly delicious flavor are always in season.

AMHPAC
AMHPAC, the National Protected Horticulture Association represents 150 companies located in 21 Mexican states, totaling 8,650 acres. This is over 35% of the total production under protected horticulture in Mexico. Main products from Mexican Protected Horticulture are tomato, bell pepper, hot peppers and cucumbers. Other products are eggplants, melons, and some specialties. 90% of production is dedicated for export, mainly to the U.S. Canada receives less than 5% of Mexican exports of produce from protected horticulture.
**Mexico Tourism Board**
The Mexico Tourism Board is the organization entrusted to coordinate, design and develop the national and international strategies for tourism promotion for Mexico. Furthermore, the Mexico Tourism Board is also charged with promoting the numerous incredible destinations and activities that Mexico has to offer, as well as Mexico’s many natural and cultural locales.

**Mission Foods**
With the backing of Gruma's global technology and resources, Mission Foods has grown to become one of the largest producers of tortilla products, producing almost a quarter of all tortillas sold in the world and offers a full line of the highest quality tortillas to satisfy every taste - from the freshest-tasting flour and corn tortillas to their popular 96% fat free, whole wheat, multi-grain and low carbohydrate varieties. Mission is proud of its rich heritage and the contributions they’ve made to the Mexican Foods Industry. Their name is synonymous with quality, and the pursuit of excellence. They continually focus on delivering products that are consistently the very best using only the finest ingredients available, along with state-of-the-art equipment and processes to manufacture their products.

**Omaha Steaks**
Omaha Steaks manufactures, markets and distributes a wide variety of premium steaks, red meats and other gourmet foods. These products are custom cut and packaged to serve the needs of our various markets. We are a family business and have been since our founding in 1917.

**Tajín**
Currently TAJÍN is the market leader in the Produce Seasoning category in Mexico and the U. S. Every time you open a bottle of TAJÍN and shake it on your fruits, vegetables and prepared food you’re unleashing the power of 100% Mexican chilies, processed under the strictest sanitary conditions and carefully blended with just the right amount of natural lime and salt. From the pre-Colombian era the chili has been used to add flavor and taste to fruits and vegetables. TAJÍN honors this ancestral heritage by using an exquisite combination of 100% Mexican chilies of the highest quality. Our chilies are carefully harvested with maximum attention given to hygiene and health during the crucial drying and grinding process to insure the best possible result no matter what culinary masterpiece is underway!
